

## Chris' Tasting Group 2024: First Edition Wines

### 2012 Cain Chardonnay

This Chardonnay is now twelve years old, and yet, when you taste it, you would never know! This wine has never been and will never be offered to Cain customers again. It was created to be poured at a resort in Orange Beach, and we wanted to share it with you, our CTG friends. After this offer, we will no longer have any more.

### 2022 Cain OTO Grenache

You heard about this wine last November and many of you have purchased the OTO Grenache already. We wanted to have the chance to open it and explore this wine with you together. We love the wines of the Rhône. If you haven't already tasted this wine, this will give you a chance to enjoy it with us.

### NV18 Cain Cuvée

OK—the only thing that needs to be said here is that you are getting to see the NV18 Cain Cuvée before ANYONE else in the world. We won't formally release the wine until the fall. You will remember that this is the last vintage we have of our Cain Cuvée pre-2020...so it carries a lot of love and emotion with it too. It's a special wine and we look forward to tasting it with you.
